COLGATE UNIVERSITY

HAMILTON, NEW YORK 13346

(315) 824-1000

Student Association

To the Class of 1976:

Colgate will never rise far above or fall below the students it can attract. I welcome each of you as members of the newest and largest group in the Colgate community. The hopes and dreams of Colgate's future are yours.

Most people find Colgate a very comfortable place to be. The rural atmosphere is conducive to study and the ivory-tower life of an intellectual (if that is what you're after) or (if you prefer) the less scholarly life of beer and parties. Reality is hard to come by in Hamilton—the town itself is a wealthy outpost in a poverty-stricken county. As students, one of our most difficult tasks is to remember our responsibilities to the events occurring in the world outside Colgate.

If any portion of our society can reach the ideals which many of us believe in, the university (as a center for learning and rational thought) must be the place. Colgate can be something very special—we must insure that this institution meets the promise of the better life we dream of.

The Student Association is here to help you in any way possible. If we're not doing something that we should be, tell Andrea or myself. Our office is in the Student Union—please come in and see us.

Peace,

Howard A. Ellins
Student Association President

Howard (Howie) Ellins

Andrea (Bunny) Ford
